Read Me First !!!

The files of application and configuration is in the folder :

eos/cpe484_es6153/Micrium/Software/EvalBoards/TI/LM3S9B92-EVALBOT/IAR/uCOS-III -CE4053_PG

including :
1. **app.c : file of simple application.**
2. **app_cfg.h: file to configure the application.**
3. **os_cfg_app.h: file to configure some properties of OS .**

For team of scheduler:

You can **delete** app2.c and app_cfg2.h.

For team of resource allocation:

You should **delete** app.c and app_cfg.h and **rename** app2.c to app.c, app_cfg2.h to app_cfg.h.
